

our story

Blinds and More is a thriving soft furnishings manufacturer based in West London. We were founded in 2022 and employ a talented team of window dressings manufacturers with over 15 years of collective experience. We offer a wide variety of blinds and curtains, including motorised options on compatible products.

Windows are one of the main focal points of any room which is why we provide a range of fabrics to complement any interior. Every type of blind or curtain we offer can be produced in at least two materials, depending on your requirements.

We are an accredited BBSA member and adhere to the association's highest standards of workmanship, service, fair trading and safety. We pride ourselves on our brand ethos and aim to provide expertly crafted, sustainable products.

OUR MARKETS AND SUPPLIERS

We are the experts of Trade Blinds...

Tradespeople

If you are a tradesperson seeking quality, made-to-measure window treatments you can rely on us. Provide your measurements and specifications and leave the production to us. We are happy to discuss your requirements and supply you with bespoke, cost-effective window treatments.

Build to Rent

We provide sustainable and practical window treatments for the BTR sector. Our products are cost-effective and environmentally conscious. We are fully compliant with the latest regulations set by the British Blind and Shutter Association.

Private Rented Sector

Our extensive range of robust window dressings covers several different budget levels. Each product can be customised in design and operation to seamlessly fit in with your property. We offer motorised blinds which are easy to operate and child-safe.

Commercial Properties

We offer professional measuring and installation services. Our team is always happy to advise you on the most appropriate window treatments for your commercial property. We offer motorised blinds for hard-to-reach or high windows, ensuring ease of operation.

Interior Designers

We collaborate with Interior Designers to create the perfect home ambience. We offer a diverse selection of fabrics and patterns for curtains and blinds and can tailor every window dressing to your exact specifications, including tracks, poles and pelmets.

Our Best Sellers

roller blinds

Roller Blinds

Roller Blinds are the most popular window dressing on the market. They come in many styles, fabrics and colours, allowing you to customise a room to your liking. They are versatile and perfect for any window around the home as well as schools and offices. Our made to measure rollers can be accompanied with a housing pelmet to give a sleek minimalistic look.

Double Roller Blinds

This window dressing combines two separate roller blinds into one system. They are made of two layers of fabric mounted on separate rollers. You can choose between translucent, opaque or blackout. This allows for versatile light control and privacy options.

Duo Visions Blinds

Duo Visions are a very versatile blind, having both room darkening and sheer properties, essentially being two blinds in one. Aligning the stripes will create a sheer option, allowing you to have privacy in the day and shifting the stripes will give you a room darkening option. All blinds have their own housing, which hides the blind when rolled up, giving it a seamless look.

our materials

Voile Fabric

Voile rollers will allow the natural light to enter the room, give you privacy and shade in the daytime while maintain the outdoor view.

Light Filtering Fabric

Light Filtering rollers will give you privacy during the day, while allowing the light to pass through the fabric.

Blockout Fabric

Blockout rollers will give you privacy during the day and night and will keep the light from entering the room.

vertical blinds

Verticals are a simple but practical solution for large windows, allowing you to control the amount of light that enters the room. They are cost effective, making them suitable for rental properties. They come in a range of colours, including filtering and blackout fabrics.

Blockout verticals will give you privacy during the day and night and will keep the light from entering the room.

Voile Fabric

Voile verticals will allow the natural light to enter the room, giving you privacy and shade in the daytime while maintaining the outdoor view.

allusion blinds

Allusions are the newest blinds on the market and are perfect for domestic and commercial use, having both blackout and sheer options all in one, which you can alternate with the twist of a wand. Combining the look and feel of a curtain with the functionality of a blind, they are ideal for large windows, reaching up to 5m in width. They are very practical for door openings, allowing you to pass through with ease.

our materials

Aluminium

Aluminium blinds are very durable, providing moisture resistance and an industrial aesthetic.

Wood

Wooden blinds are a much-loved classic. They are incredibly sustainable and look natural and elegant in any room.

Faux Wood

Faux wood blinds are cost-effective and sturdy and just like real wood in appearance and texture.

shutters

Shutters offer a mixture of traditional and modern aesthetics. They are made of wood or other durable materials. They consist of a frame with horizontal slats that can be used to control the light coming into the room and for privacy. They are easy to maintain and operate.

07436 836200
